HAWAII NIGHT FAIR PROGRAM MYSTERY HERE

Members of Commission Now In Honolulu In the Dark as to Plans For June 11

Great interest prevails among the Hawaiian fair commissioners as to the probable program on Kamehameha Day, June 11, at the San Francisco exposition. It is known that Governor Pinkham is to speak sometime between 11 and 12 o'clock in the morning, and that there will be a reception at 4 in the afternoon.

Upon the evening program called "A Night in Hawaii," the members of the commission now in Honolulu profess ignorance. An elaborate celebration is outlined in a tentative program sent to the Star-Bulletin from the Coast, but Secretary Wade Warren Thayer declares he never saw the details before and therefore could not comment upon it.

John Effinger likewise admitted that the plans were new to him, and had not been approved by the fair commissioners here, while J. N. S. Williams says the matter was left in the hands of Commissioner Bertram G. Rivenburgh to take up with the exposition officials. Mr. Rivenburgh is at the Coast.

The program provides for the use of the eight large outrigger canoes being sent on the Matsushima tomorrow under the care of E. K. Miller, which will float on the mirror lagoon in front of the Fine Arts building. Each canoe will carry a princess representing one of the islands, and a quintet club. After paddling around the lagoon in the soft moonlight the canoes will be stationed near the shore while the fireworks are set off.

It is expected that enormous crowds will make the celebration a financial success for the exposition treasury. The chief benefit to Hawaii will be from the advertising. The services of the original "Bird of Paradise" quartet have been secured and they will sing near Governor Pinkham's box.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)

FORT SHAFTER, June 1.—Memorial day was observed yesterday by the garrison and the large garrison flag was displayed at half-staff until noon when, with the booming of the national salute the flag was raised. The 2d Infantry band, returning from the parade in Honolulu, was in time to be present and play appropriate airs at the ceremony.

Pursuant to orders just received from Department headquarters the following named enlisted men will be sent to Fort McDowell, Cal., on the transport due about June 4, and will report to the commanding officer for discharge: 2d Infantry—Principal Musician John A. Dapp, band; Pvt. Farris N. Wright, Co. E, Quartermaster Corps—1st Class Pvt. T. Davidson, Tel. and Tel. Dept., Signal Corps—1st Class Pvt. James C. Oakes.

The 3d battalion of the 2d Infantry will finish record practice on Wednesday and when the record firing is completed it is believed a record will be hung up for the rest of the troops in the department to go after. Company I seems to have a large hunch on the other firers if the slow fire record at 500 yards can be taken as any criterion. At this range the entire company averaged 4.5 per shot, which means that very few shots went out of the 4 ring. However, the game is not finished and Company K, L or M might hang up the mark on the rapid fire and walk off with the honor.

It was rumored that the battalion was going to ask for a postponement of pay-day until the firing was completed, as a man can't hit a thing when lying on a lot of hot coals, but advantage was taken of the splendid weather Monday and the holiday declared off so that the companies could finish.

A teacher in an English school asked the other day:

Three pupils held up their hands. She chose one to reply.

"Well, Isidore, how many kinds of flowers are there?"

"Three, teacher," he replied.

"Indeed? And what are they?"

"Wild tame an' collie," he replied.

Indian songs and dances were given before the Y. M. C. A. boys by Chief Hallstrom, a full-blooded Cherokee at the Y. M. C. A. last night. Hallstrom appeared in war-paint and feathers. After dancing and singing for an hour he shook hands with all the boys, numbering 135, who were more than proud to salute a big chief. Hallstrom told the history of the Cherokee nation and of the customs of the tribe. No grand opera singer ever received stricter attention from an audience than did Hallstrom last night.

PREPARE EXHIBIT FOR MOTHERS OF TINY TOTS

The members of the Free Kindergarten Training School are preparing an exhibit for mothers and all those who are interested in the education of little children to be held at the Library of Hawaii from Wednesday to Saturday, inclusive. Mothers have often wondered why their children turned away from the complete expensive toys provided for bits of broken china, a few seeds or stones or what the mother considers most uninteresting and useless things. But the child knows best what he needs and if you watch him you will see that he converts the bit of wood, or tin or stone into a toy with the aid of his imagination. The perfect French doll does not make demands upon the imagination so it is put away in favor of a bottle wrapped in a handkerchief.

There will be a number of carefully planned forms at the exhibit which holds many suggestions as to how a great variety of common articles may have educational value. There will also be suggestions as to what can be done with blocks, drawing, free-hand cutting, clay, stories and nature work.

Every mother should plan to bring her little children to see this exhibit.

CONCERT SEATS GOING BRISKLY

The sale of seats which is going on briskly at the Territorial Messenger Service office for the forthcoming gala concert of the Bevan Opera Company indicates a banner attendance at the Opera House next Friday night and the success of the concert which are so soon to flit to other climes are beating high with hope for the benefit that is to make it possible for them to leave Honolulu with all debts paid and a few dollars to the good.

The idea of the management is to give the public more than it's money's worth in the program to be presented, and it is safe to say that this scheme will be more than carried out. Each of the artists will be seen at his or her best, while the chorus and orchestra will be in for a big share of the good things that will be offered for the delectation of the many friends that will be in evidence at this testimonial benefit performance of the Bevan singers.

Twins arrived at small Margie's home one day, and when the little miss was taken to see them she exclaimed: "Oh, mamma! I'll bet you found them on a bargain counter, or you didn't have bought two!"

LITTLE INTERVIEWS

—MAYOR LANE: I have not named the ten Honolulu men to membership in the National Security League, but I shall do so soon.

—HARRY MURRAY, assistant manager of the water department: Meters, meters, where have I heard that word before? Did my ears deceive me?

—GOVERNOR PINKHAM: I wish people would quit twisting the lion's tail and trying to make the eagle scream. There is too much said and too little done these days.

—J. N. S. WILLIAMS, vice-chairman of the Fair Commissioners: There is one company which will get the everlasting thanks of the fair commission, and that is the Matsun line, for transporting all our fish free of charge.

—ROBERT W. SHINGLE: No, I have not as yet written a formal letter to Mayor Lane accepting his offer of a place on the board of supervisors. I met him on the street at 10:30, however, and told him I should take the place.

—ALBERT P. TAYLOR: The Hearst-Selig News Budget shown at the Bijou last night has a caption referring to "the only living volcano in the United States." I expected to see Kilauea, but it was Mount Lassen. Mr. Hearst should know better and the Promotion Committee will put him right.
